How Aurora EAP works

Help begins as soon as you make the first call. We will listen to your concerns and ask questions about your current situation.

Based on your needs, we will either:

- Connect you directly with an EAP counselor
- Schedule a consultation at a convenient time for you, or
- Link you with specialized work-life services

As you speak with an Aurora EAP counselor during an in-person or phone consultation, you may be offered a variety of suggestions, such as a referral to a support group, community resources or counseling. Sometimes simply talking with the EAP counselor and hearing some suggestions is all that is needed.

When to use the Aurora EAP

Consider calling the EAP when a problem:

- Occupies too much of your time
- Interferes with normal activities
- Persists for more than 2-3 weeks
